NORTH GOSFORTH ACADEMY
PROVIDER ACCESS POLICY

This policy statement sets out the school's arrangements for managing the access of providers to pupils at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Student entitlement

All students in years 8-13 are entitled:

- to find out about technical education qualifications and apprenticeship opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point;

- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events;

- to understand how to make applications for the full range of academic and technical courses

Management of provider access requests

A provider wishing to request access should contact Mr Duncan Fryatt, Careers Leader
Tel: 0191 236 1700 Email: Duncan.Fryatt@northgosforth.co.uk

Opportunities for access

Please contact our Careers Leader to discuss the most suitable opportunity for you.

Premises and facilities

The school will make the main hall, classrooms or private meeting rooms available for discussions between the provider and students, as appropriate to the activity. The school will also endeavour to make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit.

Providers are welcome to leave a copy of their prospectus or other relevant course literature with the Careers Leader and they will ensure that they are displayed for students to refer to and distributed to relevant staff to use as appropriate.

Careers Guidance Covid19 Addendum

During the academic year it is possible that Government guidance and health restrictions could prevent certain events from being undertaken by our students, and at North Gosforth Academy we will always prioritise the well-being of our students and staff. We will endeavour to provide alternative provision, where practical, to ensure that students' needs are still met in relation to careers guidance and experiences. This will take the form of, but not be exclusively restricted to, digital formats and online learning.
